# HP DesignJet portfolio poster

HP DesignJet office printers and MFPs

For AEC, GIS, and MCAD professional users and workgroups who want to print —or even in some cases scan and copy- maps, technical drawings, posters, and renderings with precise, accurate line quality and crisp text.

HP DesignJet professional photo-quality and high-impact graphics printers

For quick printers, digital print service providers, professional photographers, and graphic designers who want to create high-impact, photo quality prints consistently and accurately; optional scanning and copying is available for editing, sharing, or archiving.

HP DesignJet production printers

For large workgroups and departments, print service providers, repro houses, and quick printers who want to print anything from simple CAD drawings to complex color documents with high speed and outstanding image quality.
