

BUSINESS DEVICES THAT ARE A CLASS APART

ThinkBook combines the style and user experience of consumer devices with the security and business-class support of ThinkPad.

ThinkBook Plus G2 ITG

Smarter
technology
for all

Lenovo

This unique dual-display ultraslim is designed to help today's multitasking workforce enhance focus and productivity. It features a 13.3" FHD display, a 12" E-ink display on the top cover, and an onboard digital pen. Users can now scribble notes during meetings, sketch to bring ideas to life, and review or annotate documents - without opening the laptop lid. 11th Gen Intel® Core™ processors with the Intel® Evo™ 3 platform enables exceptional computing performance.

REASONS TO BUY

The battery is optimized for extended use - running for up to 24hrs when using the E-ink screen and up to 15hrs on the main display. Smart Power On lets users power on and unlock the PC in one step—like a smartphone.

Equipped with two USB Type-C ports featuring the latest Thunderbolt™ 4 technology allows users to daisy-chain multiple monitors, charge devices, and transfer data, all at blazingly-fast speeds.

The power button has an integrated fingerprint reader, so users can power-on or wake the device, and securely authenticate themselves at the same time.

ThinkBook Plus G2 ITG
