DATASHEET / BROCHURE

High-performance network-ready A3 flatbed for capturing large, bound or fragile documents

This A3 document scanner addresses the needs of vertical markets who require easy document capture and conversion thanks to its high-quality CCD technology and powerful imaging features by Epson Scan and Document Capture Pro. With its built-in Network Interface Panel, this scanner is ready to share across multiple users.

This device is specially designed to accommodate documents individually, and is ideal for users with specific capture needs, such as scanning bound materials and thick or fragile documents. This scanner can be easily integrated into vertical applications thanks to TWAIN, ISIS and WIA support, as well as Document Capture Pro connectors.

High-quality scanning results are ensured by CCD technology, innovating imaging features, such as Book Spine Correction, and improved colour dropout/enhance powered by Epson Scan. In addition, Document Capture Pro makes it easy to treat scanned data before its conversion and distribution in virtually any document repository or document management system.

This scanner and its features can be shared between multiple users using the built-in Network Interface Panel. Combined with Document Capture Pro solutions, the Network Interface Panel allows users to benefit from Push Scan features and customise 'scan to' job functions, such as 'scan to email' or 'scan to Microsoft SharePoint®', among others*2. These features enable complicated tasks to be carried out effortlessly, increasing users' acceptance and eliminating training requirements.

Epson ReadyScan LED technology eradicates warm-up time, guarantees an absence of mercury, and lowers power consumption. These elements creates an environmentally friendly device.

KEY FEATURES

- **A3 flatbed scanner**
Scan documents up to A3 size
- **Quality results**
High quality CCD technology
- **No warm-up time**
ReadyScan LED for immediate scanning
- **Network-ready**
Built-in Network Interface Panel
- **Push-Scan features**
Simple one-touch scanning*1

LOGISTICS INFORMATION

SKU	B11B204131BT
EAN code	8715946510828
Country of Origin	China
Layer	1 Units

WorkForce DS-5000N

WHAT'S IN THE BOX

- Main unit
- Epson Network Interface Panel
- Power cable
- Setup guide
- Software (CD)
- Warranty document

OPTIONAL ACCESSORIES

- Cleaning Kit
B12B819291
